NOTICE OF INCREASE TO RATES FEES AND CHARGES

The South Rains Special Utility District Board of Directors held a public meeting on May 9, 2022, and voted to increase rates, fees, and charges. These rate and service fee increases are due to the rising cost of materials, chemicals, and labor necessary to operate a public utility. The board authorized a rate study done in part with TRWA to develop a rate structure that will allow South Rains SUD to provide enhanced service to our customers and meet all state requirements.

The new monthly water rates will take effect June 1, 2022, this will be reflected on the water bill you receive the week of June 20th. The new installation and tap fees will take effect on June 1, 2022. Installation and tap fees only apply to new service connections.
