Volunteer Fire Department Contributions

Previously, we have added a \$1.00 contribution to water bills to support the Volunteer Fire Departments in Emory and Point. This fee may be incorporated into each account, with all accumulated funds distributed to the departments annually without any administrative deductions. Some accounts have been updated or changed ownership and no longer contribute. We invite all customers to participate in this program and support the Volunteer Fire Departments.

We appreciate any amount you choose to contribute. Every dollar makes a difference and shows your support for these brave volunteers who dedicate their time and effort to protect our community. Please consider donating one of the amounts listed below or specify your own amount.
